To whom it may concern,

We are objecting to the Forclosure motion

Reason One - Have made several attempts to modify or refi the mortgage with ASC to no avail. and when we first tried to do this, they were unwilling to talk with Marie Hopkin, my wife, saying that she is not on the mortgage, witch is not true, we are both on the Mortgage as of October 2003

additionally, we both are in a better position financially

Myself - Fulltime employed and Marie also is employed by "Its about Community" (in Truckahoe)

I think the bank (ASC) should reconsider modifying our mortgage as we were faithfully paying our loan for 11 years - until 2 yrs ago, when we fell upon hard times

Thank you for your time and consideration on this matter

Sincerely

Marie C. Hogan
