Subject: Report of the Ad Hoc Committee on Domestic Violence

Having concluded a review of the above referenced report I would like to offer the following comments.Page 5 C.The Handling of Criminal... 1. Overview the paragraph refers to the criminal charges against the "alleged batterer".Under NJSA 2C:25-21 a. and b.law enforcement officers are mandated to issue criminal complaints and are permitted to sign complaints against defendants who are "non batterers" as well.I suggest using a more general term than "batterer".Perhaps "defendant". Page 8 Recommendation 2, is there a difference between "self" and "unrepresented"parties?Lastly page 11 Recommendation 29.Shouldn't the modification extend to any recording of the TRO hearing and/or the Judges mandated contemporaneous hand written notes?Thank you!Roy F.McGeady
