Docket Number F-009564-12

To whom it may concern:

I am contesting this matter in its entirety. I believe the delinquent amount is not accurate. I am in the process of hiring an attorney.

Predatory Lending Practices may have been used with this loan as the reason why I fell behind on payments was that after the first twelve months, my mortgage payments increased by almost two thousand dollars per month and that became not affordable.

Kind Regards,
