## OVERVIEW

The Automated Case Management System (ACMS) is a case management and docketing system utilized by the civil courts within the state of New Jersey. The ACMS Public Access application allows inquiry-only access to docket information for civil actions filed in Law Division Civil Part, Special Civil Part and General Equity courts.

The following are ACMS implementation dates in each of New Jersey's 21 counties. Case information within a county is available on-line from its ACMS implementation date to the present.

<b>County</b>	<b>Live Date</b>
Atlantic	Apr 1990
Bergen	Feb 1993
Burlington	Dec 1994
Camden	Jun 1988
Cape may	Sep 1990
Cumberland	Oct 1989
Essex	Oct 1992
Gloucester	Aug 1989
Hudson	Sep 1993
Hunterdon	Apr 1991
Mercer	Dec 1994
Middlesex	Nov 1992
Monmouth	Dec 1994
Morris	Aug 1988
Ocean	Apr 1992
Passaic	May 1993
Salem	Mar 1990
Somerset	Aug 1990
Sussex	Jun 1989
Union	Nov 1993
Warren	Sep 1991

The ACMS Public Access system also provides access to civil cases in the ACMS Archived Case Inquiry system.

The ACMS Archived Case Inquiry system contains case information on archived cases in ACMS. Cases are archived after they have been closed for 18 months and there is no activity on the case for the last 6 of the 18 month period.

## HELP FACILITY

The ACMS Public Access Help Facility provides instructions for using the ACMS inquiry screens as designed for the civil courts and provides definitions of various fields found on each of the inquiry screens.

For additional information about a field or a screen, click on the Help icon.  The ACMS Public Access Help Facility will display information pertaining to the screen where the Help icon was selected, and provide access to the Help Facility's Contents, Index, Glossary and Search feature.

The following icons assist in navigating the ACMS Public Access system.

-  To return to the previous screen, click on the left arrow.
  
-  To page down to the next screen of information, click the down arrow.
  
-  To start a new search, click the search icon.
  
-  To return to the ACMS Public Access Welcome screen, click the home icon.
  
-  To print a screen, click the print icon.
  
-  For questions and comments on the ACMS Public Access system, click the mail icon. You will be presented with a window prompting you for your name, email address, phone number and message.

## **AVAILABLE MENUS**

The following pages contain the menu screens that are available in ACMS Public Access to locate civil case information. An image of each menu screen is presented along with directions on how to navigate to the menu, a brief description of the data contained on the menu, and the functions that are accessible from the menu.

An in-depth description of the information contained on each menu screen including abbreviated field data is available through the Help icon  located on the top of each screen in the ACMS Public Access application.

## Search Menu

The screenshot shows the 'ACMS Public Access: Search By Name' interface. At the top left is the 'nj COURTS PUBLIC ACCESS' logo. Below the logo is a navigation bar with icons for back, search, home, print, email, and help. The main heading is 'ACMS Public Access: Search By Name'. Below this is a section titled 'COMPLETE FIELDS FOR ONE SEARCH TYPE, THEN SELECT SEARCH'. This section contains four tabs: 'Locate By Docket', 'Search By Name', 'Locate By Judgment', and 'Additional Searches'. The 'Search By Name' tab is active, showing three input fields for 'Last Name', 'First Name', and 'Middle Initial'. To the right of these fields is a 'View Details' button, which is expanded to show two options: 'Party Inquiry' and 'SCP Judgment Party List'. Below the search fields is a note: 'Note: If a document you filed does not appear in ACMS, the Clerk's Office has not yet entered it into the system.' At the bottom of the page is the copyright notice: 'Copyrighted © 2007 - New Jersey Judiciary'.

The Search Menu is the first screen that displays after accepting the Disclaimer terms upon entering the ACMS Public Access application. It provides the ability to locate cases by docket number, name, judgment, or by additional search criteria. Each search is requested on a separate screen that is accessible by clicking on the corresponding tab: Locate by Docket, Search by Name, Locate by Judgment, Additional Searches. Available functions within each search are displayed in the View Details section of the screen.

When searching for a case, if the docket number is known, use the Locate by Docket search. If only a party's name is known, use the Search by Name search option. If a judgment number is available, display the case through the Locate by Judgment search option. Access to the Archived Case Inquiry menu is available via the Additional Searches tab.

Search by Name: The default search option of the Search Menu is Search by Name and requires the following information.

Last Name, First Name, Middle Initial – the name of the party involved in the case (First Name and Middle Initial are optional).

View Details – click on Party Inquiry or SCP Judgment Party List to access detailed party information.

Parties in ACMS can be searched in different ways. For example, ACMS standards require the name Paul R Jones III to be entered as Jones III Paul R. However, this name may be found in the system as Jones III Paul R, Jones Paul R, Jones Paul, etc.

Searches can be performed on full or partial names or alternate names as indicated below.

Full name search – last name, first name, middle initial or business name

Example: Smith, John, D

Example: ABC Group

Partial name search

Example: Smi

Example: S

Full alternate name search

Example: Johns Tire Shop

Partial alternate name search

Example: Johns

Example: J

NOTE: If the message 'Party May Also be in Archive Case' displays during the party search process, the party may only be accessible via the Archive Case Inquiry Menu of the Additional Searches tab on the Search Menu.

Locate by Docket: Allows a search by docket number and requires the following information.

Case County – the county where the case resides. Click on the down arrow next to the Case County field and select the county where the case resides.

Docket Type – the docket type of the case. Click on the down arrow next to the Docket Type field and select the docket type for the case.

Docket No – the number assigned to the case by ACMS during the docketing process.

Docket Yr – the year the case was filed.

View Details – click on Case Detail, Case Document List, Case Attorney List, Case Proceeding List, SCP Case Service List, Case Notice List, Case Disposition Detail, Case Fee Receipts Listing or SCP Case Judgment List to access detailed information about the case.

Locate by Judgment: Allows a search by judgment number and requires the following information.

Case County – the county where the case resides. Click on the down arrow next to the Case County field and select the county where the case resides.

Judgment Number – the number assigned to the judgment.

Judgment Year – the year the judgment was filed.

View Details - click on SCP Judgment Detail to view information about the judgment.

Additional Searches: Allows a search to occur via the Archived Case Inquiry Menu.

## Archived Case Inquiry Menu

The screenshot shows a web browser window with the title "ACMS Public Access: Archived Case Search By Name". The page header includes the "nj COURTS PUBLIC ACCESS" logo. Below the header is a navigation bar with icons for back, search, home, print, email, and help. The main content area features two tabs: "Locate By Docket" and "Search By Name", with the latter being selected. A note states "\* Indicates a required field". The search form contains the following fields: "Last Name\*" (text input), "First Name" (text input), "Middle Initial" (text input), "Case Venue" (dropdown menu), "Court" (dropdown menu), "Case Type" (text input), and "Party Type" (dropdown menu). A "Search" button is located to the right of the "Party Type" dropdown. At the bottom of the page, the copyright notice "Copyrighted © 2008 - New Jersey Judiciary" is displayed.

The ACMS Archived Case Inquiry menu can be accessed by clicking the Additional Searches tab of the Search menu. It begins with the Archived Case Search by Docket and offers the option of an Archived Case Search by Name.

Cases are archived from ACMS after they have been closed for 18 months and have had no activity for the last 6 of the 18 month period.

The ACMS Archived Case Inquiry menu allows inquiries on archived cases and provides searches by docket and by name. When the desired case is found, options are available to view the docket entries or display screens providing information on the physical location of the case.

To access the functions on the Archived Case Search by Docket screen, enter a Case Venue, Docket Number and Docket Year, choose a Function (either Case Location List or Case Docket Inquiry) and click the Locate button.

To search by name, click on the Search by Name tab, enter a Last Name and click the Search button. An Archived Case List by Name screen will display with a list of names matching the search criteria and the option to access the Case Location List or Case Docket Detail screen. The Search by Name tab also provides the option of entering a First Name, Middle Initial, Case Venue, Court, Case Type and Party Type to narrow the search criteria.

On-Screen Buttons – the following buttons provide access to additional screens from the Case Location List or Archived Case List by Name screens.

*Microfilm Detail* - click the Microfilm Detail button on the Case Location Detail screen to access the Microfilm Detail screen.

*Physical Location Detail* – click the Physical Location Detail button on the Case Location Detail screen to access the Physical Location Detail screen.

*SEL Radio Button* – click on the SEL button next to a Box Number on the Case Location List to access the Case Location Detail screen and view additional data on the case/box information and placemark location. Click on the SEL button next to a Party Name on the Archived Case List by Name screen to select a party and access the Case Location List or Case Docket buttons.

## **AVAILABLE SCREENS**

The following pages contain the screens that are available in ACMS Public Access. The screen images are presented in alphabetical order and contain a brief description of the data contained on the screen, directions on how to navigate to the screen, and functions that are accessible from the screen.

An in-depth description of the information contained on each screen including abbreviated field data is available through the Help icon  located on the top of each screen in the ACMS Public Access application.
