**[Supplement to Directive #01-15]**

**MEMORANDUM**

**TO:** Assignment Judges  
Civil Presiding Judges  
Supervising Special Civil Part Judges

**FROM:** Glenn A. Grant, J.A.D. 

**RE:** Special Civil Part Officers – Contingency Plan

**DATE:** November 26, 2018

Directive #01-15, dated January 8, 2015, promulgated updated policies and procedures that govern the Judiciary's relationship with the Special Civil Part Officers (Officers). Directive #01-15 defined more clearly the Judiciary's expectations regarding the duties performed by Officers and the services they provide to the public, while maintaining the Officers' independent contractor status.

An area not addressed in Directive #01-15 is the Judiciary's and Officers' respective responsibilities in situations in which an Officer's appointment is discontinued due to the Officer's death, incapacity or immediate retirement. The Judiciary has incurred significant time and expense managing and coordinating Officers' business and book accounts (winding down their business) in instances when their appointments are suddenly and unexpectedly discontinued in such circumstances. Vicinages have had to temporarily take over Officers' book accounts, necessitating that they expend funds for the procurement of temporary staff and overtime hours in order to address the variety of issues involved when winding down an Officer's business. In those instances where an Officer has passed away, there is also the additional complication of having to consult with the Officer's estate. Reassigning an Officer's work is complex and time consuming; judgment creditors and debtors' rights should not be prejudiced by the delay that is caused by this transition process.

Closing an Officer's book account typically requires analysis and unique approaches, depending on the Officer's factual circumstances. Among the areas that must be addressed are the preparation and expense associated with a close-out audit, potential bond coverage issues, determination as to when dollarage is no longer earned, reassignment of old/active execution work, 30-day notice requirement on all remaining active executions and their returns, standard

follow-up communication and/or notice with applicable parties/attorneys, ongoing monthly finance division manager reconciliations, expired and active writ register report closure, and obtaining access to the Officer's particular software programs, writ registers, and financial account information. Accordingly, for the mutual benefit of the Judiciary, the public, and the Officers, this new protocol was developed to require Officers, in consultation with the vicinage and with the consent of the Assignment Judge or his/her designee, to prepare an *Action Plan* (Plan) to be followed in the event that an Officer's appointment is discontinued as a result of the Officer's death, incapacity or immediate retirement.

This memorandum explains the factors considered in support of this Supplement, its mandatory requirements, and the applicable revised Appendix form attached hereto. The Supreme Court approved this Supplement to Directive #01-15 on recommendation of the Judicial Council subsequent to an extensive vetting, which included a representative sample of Officers from the southern, central, and northern regions of the State.

### **Effective Date**

Other than as expressly set forth in this memorandum, the provisions of this Supplement to Directive #01-15 are effective immediately. Current Special Civil Part Officers must designate a Special Assistant Officer (SAO) and submit a Plan for approval by their respective Assignment Judge and the Administrative Director no later than July 1, 2019.

### **Implementation**

Vicinages shall immediately distribute a hard copy of this Memorandum to each of their respective primary Officers. The AOC Civil Practice Division shall provide an electronic copy to those Officers required to maintain an email account. There is no additional court officer training required in this regard. However, each vicinage's Court Officer Advisory Committee should convene a meeting no later than February 28, 2019, to review this Directive Supplement with the Officers. Mathew Sapienza, Esq., Office of Counsel to the Administrative Director, and Lloyd Garner, Esq., Chief, Special Civil Part Services, will attend your respective meetings to respond to any questions from Officers pertaining to this Supplement or to Directive #01-15 in general.

## **COURT OFFICER CONTINGENCY PLAN**

Each Officer who serves post-judgment process shall designate an Officer or Assistant/Deputy Officer of their choice to serve as their *Special Assistant Officer* (SAO). The SAO will be responsible to wind down the Officer's business in the event of the Officer's death, incapacity, or abrupt retirement in the manner agreed upon in advance by the Officer and the SAO, with the SAO to be treated as the Officer once the plan is triggered. While no new vicinage work will be assigned once the Officer is deemed incapacitated, dies or abruptly retires, the Officer or his/her estate and the SAO will have the opportunity to continue to earn dollarage and/or other applicable fees for all work previously assigned. Please note, however, that this Supplement does not apply, and any existing Plan shall be deemed voided, when an Officer's appointment is terminated by the vicinage/Judiciary due to Officer malfeasance. The

Assignment Judge in those situations may nonetheless seek approval from the Administrative Director to reallocate the terminated officer's work to the SAO.

It is the responsibility of the Officer to share all pertinent information with the SAO to allow for a seamless transition, including passwords, computer programming technologies, record retention, Continuity of Operations Plan (COOP), trust and business account signatory authority, staff and business office/access information. The Judiciary will honor an agreement between the Officer and the SAO in connection with the transition of responsibilities between the Officer and the SAO to the extent that such agreement does not conflict with Directive #01-15, this Supplement, any statute, or any Court Rule.

If the designated SAO is an Assistant/Deputy Officer, the SAO may continue to derive income from other sources, in accordance with Directive #01-15, Section V.C, and may apply in the normal course for an independent appointment in response to a vicinage Officer recruitment. The SAO will be considered along with all other applicants for the appointment. SAO status does not guarantee that the applicant will be selected for the independent appointment.

The following mandatory requirements must be met and approved by the Assignment Judge or his/her designee and the Administrative Director or his/her designee:

1. The SAO must satisfy the qualification requirements under Directive #01-15, Section II. A. The SAO proposed may be an existing Officer or Assistant/Deputy Officer, or the Officer may request appointment of a new person to serve as the SAO, subject to recommendation of the Civil Presiding Judge or that of the Civil Presiding Judge's designee.
2. The SAO must fulfill the requirements of Directive #01-15 and this Supplement, and must enter into a Consent Order (See Consent Order at Appendix C to Directive #01-15) which provides his/her designation as an SAO.
3. The Officer and SAO must complete and sign the *Special Civil Part Officer Contingency Plan Agreement Form* (see new Appendix I to Directive #01-15, attached here) and attach the completed and signed form to the Consent Order.
4. Officers must provide the vicinage with a fully-executed *Special Civil Part Officer Contingency Plan Agreement Form* on or before July 1, 2019.
5. The Officer must certify in the Officer's *Special Civil Part Officer Business Information Disclosure Form*, submitted to the vicinage Civil Division Manager and Finance Division Manager on an annual basis, on or before each July 1, in accord with Directive #01-15, Section VI (Operational Requirements for Special Civil Part Officers), Paragraph C (Communication), amended Appendix E, that the previously-approved *Special Civil Part Officer Contingency Plan Agreement* between the Officer and the SAO remains in effect.
6. The Plan is triggered when the SAO is notified by the vicinage in writing of the discontinuation of the Officer's appointment. Within seven (7) days after receipt of such notice, in accordance with Directive #01-15, Section V.E, the SAO must procure his/her

own bond in the identical amount of the preceding Officer's bond at that time. An existing Officer can obtain a rider to an existing bond. The SAO must show proof of bond procurement and payment to the Trial Court Administrator and Finance Division Manager. The SAO may seek subsequent bond amount reductions upon submission of a detailed accounting in accord with Directive #01-15, Section V.E.

7. Upon the discontinuation of an Officer's appointment, all of that discontinued Officer's work shall cease, including but not limited to, disbursements, deposits, and earning of dollarage. The SAO shall assume responsibility for carrying on the Officer's business, provided that the SAO has procured the necessary bond or rider as set forth in the preceding paragraph. In the event that the SAO has failed to procure the necessary bond or rider, the vicinage may, in its discretion, void the Plan or permit the SAO to have no more than one additional week to procure the bond or rider. Any further extensions to this requirement require the specific approval of the Administrative Director.

8. An agreement between the Officer and the SAO in connection with the transition of responsibilities between the Officer and the SAO shall be enforceable between them as provided by law and they shall agree to hold the Judiciary harmless in the event of any claimed breach thereof, e.g., disputes over the amount of dollarage to be earned by the SAO and/or the Officer or his/her estate, responsibility for cost of the mandatory close-out audit, operating expenses, staffing issues such as entitlement to severance pay and unemployment benefits. The Officer and the SAO shall acknowledge that the vicinage/Judiciary is not a party to any agreement between them.

9. The Assignment Judge and Administrative Director, or their designees, shall determine when a Plan has failed, including but not limited to when a SAO fails to obtain the necessary bond or rider in a timely manner. In the event a Plan is deemed to have failed and the vicinage is required to assume control of an Officer's business accounts and undertake the Officer's responsibilities with respect to work previously assigned, the vicinage/Judiciary shall be entitled to retain any dollarage earned thereafter. The Officer and/or his/her estate shall be liable for the cost of the close-out audit required by Directive #01-15. The Officer and/or his/her estate, the SAO, and their sureties, shall be liable for any other costs or expenses borne by the vicinage/Judiciary in excess of said dollarage.

10. The SAO must return all of the Officer's previously assigned executions that did not generate income or garnishment within four months, or as otherwise agreed to in the action plan, from the date that the SAO's bond or rider is satisfactorily procured. Within 30 days of the date that the SAO's bond or rider is satisfactorily procured, the SAO and Civil Division Manager shall develop and submit an agreed upon *Contingency Plan* that meets with the Civil Presiding Judge's approval. The SAO's action plan may include other terms agreed to by the SAO and the vicinage, but must minimally include the following:

- (a) SAO's schedule for the dissemination of the 30-day notices of intent to return executions to all applicable judgment creditors in accordance with Directive #01-15, Appendix F, Section II.A;

- (b) SAO's schedule as to when and how he/she intends to disseminate any applicable Omnibus Court Orders to all applicable banks, third party garnishees, attorneys and/or litigants which direct them to treat the SAO as if he/she were originally assigned these executions and/or other Orders that otherwise assist in the implementation of the Plan;
- (c) SAO's schedule for the return of the aforesaid executions to the court;
- (d) SAO's plan to address any issues pertaining to access to the Officer's software systems, trust and business accounts and unresolved or pending complaints, if any, against the preceding Officer; and
- (e) Name and address of the accounting firm that the SAO intends to rely on to perform the close-out audit.

11. The SAO must provide the vicinage with at least 60 days' notice of his/her intent to no longer serve as SAO. An SAO is not permitted to designate his/her own SAO.

12. With the approval of the Assignment Judge and the Administrative Director, or their designees, an Officer may retire in good standing but remain working, including performing new levies on previously assigned and active goods and chattel executions, for the purpose of winding down his/her own business in accordance with Directive #01-15. In that case, this Supplement would not apply.

5. The Officer and SAO agree to be jointly and severally liable for any costs, if any, incurred by the Judiciary and Vicinage that are not otherwise covered by any dollarage earned by the Vicinage if the Vicinage determines in its discretion that it must take over the administration and closure of the Officer's business caused by the failure of the SAO to satisfactorily perform and/or otherwise comply with Directive #01-15 and any supplements thereto. The Judiciary shall first seek compensation from the Officer's and/or SAO's bond, as the case may be.
