How to connect to AnyConnect VPN using web portal:

1. Open your web browser (this works best with Internet Explorer)
2. Go to this website: https://vpn1.judiciary.state.nj.us/citrix
3. An Authentication box will present in the middle of the page. Here input you credentials as followed:
   A. Username: firstname.lastname (Do not put @njcourts.gov)
   B. Current (P-synch) judiciary login password
   C. RSA SecurID – This is your PIN. The one you created when the RSA token was setup. It is 4-8 characters long.
   D. Click Login

4. This new window will popup (if your previous credentials are correct).
    A. At or around the same time you will receive a text or email with the On-demand RSA token. It is a random series of 8-10 numbers.
   B. Input those numbers into the blank section next to Response:
    C. Click Continue

5. For the terms and service box Click Continue

I have read, understand and accept the terms of the
Electronic Access Program Subscriber Agreement
regarding access to this system. Click continue to
acknowledge that you read and agree to these terms.

Cancel   Continue

6. On the bottom of the screen, click Allow Once to disable the popup blocker

Search...

vpn1.judiciary.state.nj.us

File   Edit   View   Favorites   Tools   Help

Please disable the popup blocker and reload this page in the browser!

Internet Explorer blocked a pop-up from *.state.nj.us.   Allow once   Options for this site ▼   x

7. You will now be connected to the judiciary network and will have access to the applications.
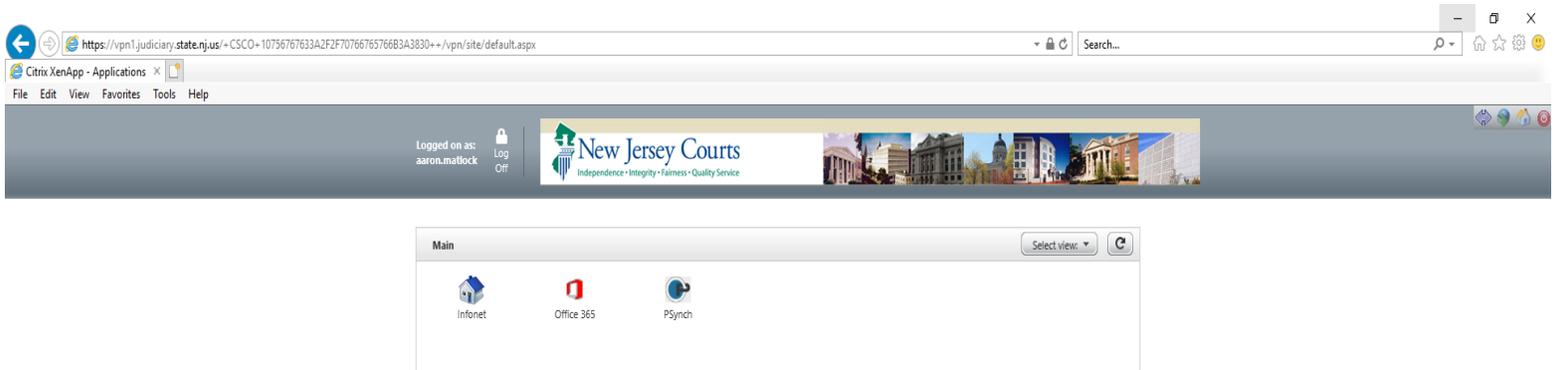

You are now connected to the Judiciary's network. If you turn off the VPN, lose Internet connection or power the device down, you will need to repeat these steps to reconnect to the Judiciary's network.
