P-synch - Reset a Password

2. Click the **P-synch website** link.

The first time you access the new P-synch system, you will be required to register your security questions prior to resetting/synchronizing your password. This registration is a one-time thing.

- Keep in mind the following rules for passwords, some of which are new:
 - Passwords: expire in 90 days;
 - must be 14 characters long.
 - must have upper and lower case characters.
 - must have at least 1 digit(s).
 - must have one of the following characters @ # \$
 - cannot be the same as your last 32 passwords.
- Also note that your user account will be locked out after 5 unsuccessful login attempts. You can reset your own account by going to P-synch and answering your security questions and resetting your password, or by having an administrator reset your account.

Guidelines to Initial P-synch Steps

1. Open Internet Explorer and browse to the [P-synch website](#).
2. Enter your AD username (firstname.lastname) and click "Continue".
3. Enter current password and click "Verify Password".
4. Pick any 4 standard questions and answer accordingly and click "Update".
5. Click on "Change Passwords".
6. Make sure all target systems are selected. Enter new password, confirm and click "Change Password".
7. Verify password change was successful on all target systems.
8. Log out of P-synch and Restart your pc.

P-synch Self-service

The P-synch Self-service capability will allow you to conveniently reset your password (or unlock your system if you've tried too many wrong passwords). You can always have an administrator reset your password / account, but we encourage you to do it

Law Enforcement Telephonic Probable Cause Determination

- R. 7:2-1(h) – Electronic CDR-2 Warrant
 - Extends the authority to issue telephonic warrants to authorized Court Administrators and Deputies.
 - Replaces the manual telephonic warrant issuance process with a fully electronic process.
 - Why? Because someone has to press the button!

26

Law Enforcement Telephonic Probable Cause Determination

The rule provides two ways to activate the warrant in eCDR:

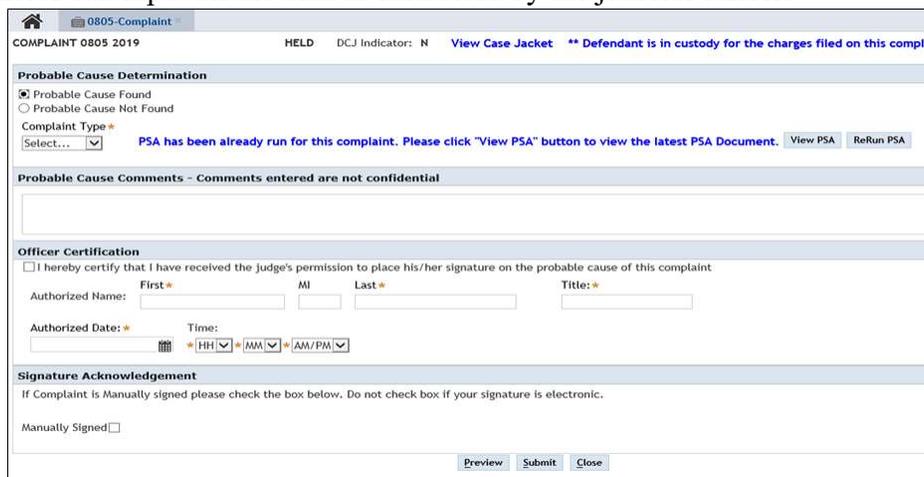

1. Judicial officer accesses eCDR -- determines probable cause and issues the warrant in the system, or
2. If Judicial Officer cannot promptly access eCDR, s/he authorizes the law enforcement officer to “activate” the complaint in eCDR. Note: the issuance is still authorized by the Judicial officer via the telephonic authorization. *

* Includes later validation by the Court.

27

Law Enforcement Telephonic Probable Cause Determination

- The officer can input all the data as instructed by the judicial officer.

The screenshot displays the 'COMPLAINT 0805 2019' form in the eCDR system. The form includes the following sections:

- Probable Cause Determination:** Radio buttons for 'Probable Cause Found' (selected) and 'Probable Cause Not Found'. A 'Complaint Type' dropdown menu is set to 'Select...'. A message states: 'PSA has been already run for this complaint. Please click "View PSA" button to view the latest PSA Document.' with 'View PSA' and 'ReRun PSA' buttons.
- Probable Cause Comments - Comments entered are not confidential:** A text area for entering comments.
- Officer Certification:** A checkbox for certifying that the judge's permission has been received. Below are fields for 'Authorized Name' (First, MI, Last, Title) and 'Authorized Date' (Time, HH, MM, AM/PM).
- Signature Acknowledgement:** A checkbox for 'Manually Signed' with the instruction: 'If Complaint is Manually signed please check the box below. Do not check box if your signature is electronic.'

Buttons for 'Preview', 'Submit', and 'Close' are located at the bottom of the form.

28

Law Enforcement Telephonic Probable Cause Determination

- Probable Cause and warrant/summons decision still rests with the Judicial Officer.
- The Judicial Officer will need to verify on the probable cause worklist.
