eCourts – Civil Court Staff Release Notes
02/12/2021

(ACMS – All Courts)

New	In order to accommodate the need to electronically schedule remote court events and electronic notifications of remote court events, enhancements to the mainframe and web-based systems have been made. As a part of this, in addition to remote, phone, and video, users can now enter "PAPER" in the Court Room Number field in ACMS Calendar Entry Screen.
New	As a result of the change mentioned above, the notification system has also been enhanced to include the "PAPER" option. If the court user selects "PAPER" while scheduling, the eCourts notification is going to display the proceeding docket text accordingly. For more information, click **here**.

(Page Center)

New	Scheduling notices have been updated to display information notifying parties of the paper remote court proceedings. When using paper as the courtroom location, additional text will display based on the paper remote type. For more information, click **here**.

(Civil Part)

New	For Name Change cases, if parties are not included with the original complaint filing, court staff can now add those parties to the case through ACMS after the fact, and all applicable Name Change features will now be enabled in eCourts to allow for full processing including final judgment creation. For more information, please consult the Quick Reference Guide.

(General Equity - Foreclosure)

New	Credit Card (CT) and ACH (AH) receipts can now be entered in ACMS, if any issues are encountered during the automated Civil Receipt Entry in JEDS. For more information, click here.
Enhanced	The Initial Receipt Entry and Initial Receipts Batch List screens have been updated to display credit card and ach totals. For more information, click here.
Enhanced	The Initial Payor Address Entry/Maintenance screen has been updated so the PCN# and Card fields are now editable for manually created Credit Card and ACH receipt types. For more information, click here.

Manual Entry of CT and ACH Receipt Types

Credit Card (CT) and ACH (AH) receipts can now be entered in ACMS, if any issues are encountered during the automated Civil Receipt Entry in JEDS.

1. When entering CT or AH receipts, the PCN is required and must be entered in the Payor Name/PCN field, with a minimum of 8 digits. The payor name can still be entered in the same field by adding a space after the PCN#. For example, 382718273 JOHN SMITH.

Note: All AH/CT receipt entries should be initiated via the JEDs system. Manual entry of these receipts should be utilized only when there is an issue with the JEDs receipt creation. When manually entering AH/CT receipts, a warning message will display reminding the users of this.

(*Back*)

Initial Receipt Entry and Initial Receipts Batch List Screen Updates

eCourts – Civil Release Notes
09/18/2020

(All Courts)

New	When uploading non-complaint documents through eCourts, the file size has been expanded to 35 MB per attachment. (Internal only)
New	If there is an email address entered for a party (eCourts/ACMS email field), these parties will be included in the notification process for eCourts.
New	From the Work List, staff will now have a new option for "Special Master" from the Assignment field.
Fixed	When adding a new party, the party affiliation options available to the user will now be in alignment with the party description of "Individual" or "Business" that was previously selected.
Fixed	When editing the party details from the "Party Maintenance" screen in eCourts, a locked message will now appear on the screen if another user is already updating the same party.

(Special Civil Part)

New	When filtering for backloaded SC or LT filings from the Work List, a new checkbox filter will be available to filter specifically by backloaded filings that also triggered eCourts notifications.

(Chancery)

New	When filtering for backloaded C filings from the Work List, a new checkbox filter will be available to filter specifically by backloaded filings that also triggered eCourts notifications.
Fixed	An issue was fixed that previously allowed internal users to select a venue other than "Statewide" when uploading Foreclosure filings.

eCourts – Civil Release Notes
08/07/2020

(All Courts)

New	When adding new parties during complaint and non-complaint filings, an additional field will now display on the "Add Party" pop-up that will allow the filer to input the party's email address.
New	If the "Party Email" is captured on the Party Maintenance screen in eCourts, that address will also display on the corresponding party tab in the eCourts Case Jacket. This information will only be viewable by court staff and will not be accessible to external users.
New	For complaint internal uploads, the system will now accept up to 35 MB per attachment, rather than the previous limit of 7 MB.

(Special Civil Part)

New	Under Case Management, via the Civil Maintenance – Party Maintenance screen, the system will now allow users to update all of the data fields related to the party directly through eCourts for the DC docket.
New	When processing filings under the LT or SC dockets, users will now have the option to trigger an eCourts notifications when backloading the documents.

(Civil Part)

New	Under Case Management, via the Civil Maintenance – Party Maintenance screen, the system will now allow users to update all of the data fields related to the party directly through eCourts for the L docket.

(General Equity)

New	Under Case Management, via the Civil Maintenance – Party Maintenance screen, the system will now allow users to update all of the data fields related to the party directly through eCourts for the F docket.
New	When processing filings under the C docket, users will now have the option to trigger an eCourts notifications when backloading the documents.

eCourts – Civil and Foreclosure Court Staff Release Notes

7/10/2020

(ACMS)

New	In order to accommodate the need to electronically schedule remote court events and electronic notifications of remote court events, enhancements to the mainframe and web-based systems have been made. As part of this, now the users can enter remote (for general remote proceeding when video or phone is unknown), video or phone in Court Room Number field in ACMS Calendar Entry screen. The calendar would then display the Courtroom type of phone, video or remote as per the scheduled. The Scheduling tab in Filing Detail will display if an event is either "VIDEO", "PHONE", or "REMOT" if remote option is unknown in the "Calendar" field. As a result of this change, the notification system has also been enhanced to include these options. If the court user selects either video, phone or remote while scheduling, the eCourts notification is going to display the remote court proceeding docket text accordingly.

eCourts (All Courts)

New	For added convenience to the party and the court staff, an email address field has been added in Party Maintenance (under Civil Maintenance) screen. The court staff can add and update the user's email address as part of Party Maintenance.
New	In order to accommodate the need to electronically schedule remote court events and electronic notifications of remote court events, enhancements to the mainframe and web-based systems have been made. As part of this change, now the users can enter remote (for general remote proceeding when video or phone is unknown), video or phone in Court Room Number field in ACMS

As a result of this change, the notification system has also been enhanced to include these options. If the court user selects either video, phone or remote while scheduling, the eCourts notification is going to display the remote court proceeding docket text accordingly.
New	In order to link the motion result with the ensuing order, entering Motion Result is now mandatory while creating standalone order from Case Management.
New	To avoid any potential data discrepancies, Foreclosure properties are not going to be enabled anymore in Party Maintenance screen. The users can continue updating the property in ACMS.

6/22/20

(ACMS)

New	Two new values for payment type have been added in ACMS. ACH and Credit Card payment types are now available for use.
New	When a credit card or ACH related receipt is created in the Judiciary Electronic Document Submission (JEDS) system, this transaction information and receipt number will be automatically stored in ACMS. This receipt number can later be used when entering fee related documents in ACMS and eCourts. For more information, please consult the Quick Reference Guide.
New	New daily reports have been created to help manage CC and AH payments. They may now be found in PageCenter. ■ CVB0104C CREDIT CARD LIST ■ CVB0104D CREDIT CARD – BCM ■ CVB0104E ACH PAYMENT LIST ■ CVB0104F ACH PAYMENT – BCM Existing daily batch reports have also been modified to reflect both CC and ACH payment. Please see the Quick Reference Guide for the complete list of reports.
New	Certain codes that were identified as per Civil Practice, will be blocked from entry in ACMS. Please go here for the complete list of blocked codes.
New	To avoid any potential data discrepancies, the alternate name field in ACMS Party Maintenance screen and Party Alternate Entries screen is disabled from making any updates. Any update to Alternate Names must be done in eCourts on the Party Maintenance screen.

PageCenter

New	Scheduling notices have been updated to display information notifying parties of remote court proceedings. When using specific courtroom locations, additional text will display based on the remote type entered. For more information, click **here**.

eCourts (All Courts)

New	Both credit card and ACH payment options will be available when uploading documents though eCourts. Users are going to enter the receipt information for JEDS submitted documents being uploaded into eCourts.

JEDS (General Equity)

New	The system will now require the external filer to enter and validate their docket number prior to filing. Consequently, for Foreclosure filings, all docket numbers technically have "SWC" associated as the venue in ACMS. Therefore, when these filings are submitted, they will immediately be routed to the SCCO's Work Basket,, rather than to the individual counties.

JEDS (All Civil)

New	The system will now allow users to create a receipt when processing a filing. It will provide transaction information and the receipt number will be automatically stored in ACMS. This receipt number can later be used when entering fee related documents in ACMS and eCourts.

The following codes are going to be blocked from entry into ACMS:

O34	ORDER TO FILE CROSS APPEAL	OL8	ORDER TO PAY SURPLUS FUNDS OUT OF COURT
O99	ORDER MISC	OM5	ORDER FOR RESALE
OB2	ORDER TO GRANT LEAVE TO INTERVENE	OM8	ORDER CORRECTING DEFENDANT"S NAME

Scheduling Notice – Remote Court Proceeding Language

When scheduling a calendar or proceeding using the courtroom location of 'Remot', 'Video', or 'Phone' additional text will display on the notice generated to instruct users to contact the court for the details of their remote court proceeding. These remote types can be entered on all docket types.

1. When creating the calendar in ACMS, enter a courtroom using one of the following:

   - Enter "REMOT" if the type of remote proceeding (e.g., video or phone) is unknown at the time of scheduling or if the remote proceeding type will vary within the calendar (e.g., some video proceedings and some phone proceedings).
   - Enter "VIDEO" if the proceeding will be held by video conference.
   - Enter "PHONE" if the proceeding will be held by phone conference.

eCourts – Civil and Foreclosure Court Staff Release Notes

5/18/2020

(ACMS)

New	In ACMS, the Party Name field will be locked for modification in DC, Law, and Foreclosure. To update a Party Name, the change must be done within the new Party Maintenance screen in eCourts. For more information, please consult the Quick Reference Guide.
New	New fields have been added to screens in ACMS to accommodate both ACH and Credit Card payment types throughout the system when that functionality is released (est. early June). These payment types are not available for use at this time.
New	Foreclosure motion codes that were previously blocked will now be available for entry in ACMS: Motion to Strike Answer Complaint Accepted (M61) Motion to Strike Answer for Failure to Answer Interrogatories (MB4) Motion to Strike Answer and Suppress Defenses (MB9) Motion to Strike Defendants Answer for Failure (MD5) Motion to Strike Claimants Answer (MQ8) Motion to Renew Entry of Default Judgment (MR1)
New	Foreclosure order codes that were previously blocked will now be available for entry in ACMS: Order to Strike Answer Complaint Accepted (O61) Order to Strike Answer for Failure to Answer Interrogatories (OB4) Order to Strike Answer and Suppress Defenses (OB9) Order to Strike Defendants Answer for Failure (OD5) Order to Strike Claimants Answer (OQ8) Order to Renew Entry of Default Judgment (OR1) Order to Extend Stay (OS2) Order to Dismiss Stay (O29)

eCourts (All Courts)

New	Under Case Management internal users will now have access to the Civil Maintenance tab. The Civil Maintenance tab structure has been added to transition case and party management from ACMS into eCourts. It gives the user the ability to search by case and update a selected party's name and add additional alternate names.
Fixed	Various defects have been fixed, which will lead to an improved user experience.

(Special Civil Part)

Fixed	When a writ or wage is stored to the Case Jacket, the Court Officer assignment will now be included in the docket text.

(Civil Part)

New	Two Sexual Abuse Claim questions "Plaintiff's date of birth" and "Est. date of first incident of abuse" have been added as additional fields, when a user selects "Yes" to Are Sexual Abuse Claims Alleged?". These new fields are now available when filing a complaint, the Party Maintenance screen, and the Additional Answer details section (when Answer is filed).
New	The Final Judgment for Name Change template will include all Alternate Names entered for the Party on the Party Maintenance screen.
New	In Case Management when entering results for a Name Change Judgment, users will update party name, assumed name, gender, date of birth, SSN, SBI number, and add alternate names through the new Party Maintenance screen. For more information about the new Name Change Case Processing flow, please refer to the Name Change Processing Guide.
New	When entering results for a Name Change Final Judgment the system will require the Final Judgement result be entered separately in a new Order Result column. A new Edit Result icon will display.

New	In Civil Part users have the ability to update and add Sexual Abuse Claims information for older cases on the Party Maintenance screen.

(Foreclosure)

New	In eCourts, Foreclosure filers (internal/external) now have the ablity to file the following Motion types and the respective Motion Responses (cross-motions). Motion to Strike Answer Complaint Accepted (M61) Motion to Strike Answer for Failure to Answer Interrogatories (MB4) Motion to Strike Answer and Suppress Defenses (MB9) Motion to Strike Defendants Answer for Failure (MD5) Motion to Strike Claimants Answer (MQ8) Motion to Renew Entry of Default Judgment (MR1)
New	In eCourts, Foreclosure internal users now have the ability to file the following Court Related documents. Order to Strike Answer Complaint Accepted (O61) Order to Strike Answer for Failure to Answer Interrogatories (OB4) Order to Strike Answer and Suppress Defenses (OB9) Order to Strike Defendants Answer for Failure (OD5) Order to Strike Claimants Answer (OQ8) Order to Renew Entry of Default Judgment (OR1) Order to Extend Stay (OS2) Order to Dismiss Stay (O29)

eCourts – Civil Release Notes
12/15/2019

(Civil Part)

New	When filing a new case, two new fields will display on the Enter Case Details screen. One field will track whether the case alleges violations of the consumer fraud act, and the other field will track whether the case alleges a sexual abuse claim.

(Special Civil Part)

New	When filing a new case, a new field will display on the Enter Case Details screen. The new field will track whether the case alleges violations of the consumer fraud act.

eCourts – Civil Release Notes
11/15/2019

(All Courts)

New	For consolidated cases, all filing types will allow users to add new parties. These new parties will be auto-docketed into ACMS.
Fixed	Information Notices generated from filings against consolidated cases will no longer be forwarded to attorneys who were previously substituted out of the case.

(Special Civil Part)

Fixed	When filers submit an application for wage execution, when the employer data is auto-docketed into ACMS, all previous employer statuses will be updated to reflect as "PR".

eCourts – Civil Release Notes
10/4/2019

(Special Civil Part)

Enhanced	For reference purposes, when court officers are notified by eCourts, the officer's email addresses will now be included in the body of the notification, similar to how the attorney's email addresses are currently listed.

(Civil Part)

Fixed	For Name Change filings, if the filer of the complaint is a self-represented litigant, that party's address information will now automatically pre-populate on the judgment template.
Enhanced	When processing Final Judgments for Name Change, the "Additional Judge Comments" field, which previously displayed for only granted judgments, will now be available for denied judgments.
Enhanced	The Affidavit of Merit notification process has been expanded to include tracking on transferred malpractice cases.

eCourts – Civil Release Notes
9/6/2019

(AllCourts)

New	For all filings, when new parties are added, they will now be auto-docketed into ACMS.
New	In Case Management, users will now have the ability to reset the eFiling Status and restore Completed filings back to the Work List. For more information, please consult the Quick Reference Guide.

(Special Civil Part)

New	Court officers will now receive a daily report/file listing out all of the executions that were assigned to him/her on that particular day.
Enhanced	From the Work List, when processing an Application for Wage Execution, the system will now prompt the user to populate the court officer assignment directly from ACMS.

(Civil Part)

New	When reviewing answers filed against malpractice cases, in the event the Affidavit of Merit has not been filed by the plaintiff and that plaintiff is a pro se, the system will prompt the user to print out and mail the 60 day AOM reminder that is automatically stored to the Case Jacket.
New	A daily process will now run to generate notices that will be stored to the Case Jacket alerting users that a party has been defaulted.
New	When processing a name change complaint, the system will now allow court staff to update the document access restriction level from the Filing Details screen.

eCourts – Civil & Foreclosure Release Notes 7/29/2019

All Courts

New	Information Notifications will now be generated for all consolidated case filings. Previously these notifications were generated for only motion scheduling events.

New	Document security has been introduced for Deficiency Correction filings, allowing the filer to set the access restriction level for the documents being submitted. Likewise, if necessary, court staff can increase the document security level from the Work List in the event cofidential material is submitted as a public document. For more information, please consult the Quick Reference Guide.
Enhanced	Within the eCourts Case Jacket, the party status will now be displayed within the Party Details tabs.
Fixed	Various defects have been fixed, which will lead to an improved user experience.

(Special Civil Part)

Fixed	For Verified Complaints – OTSC, if the filing is in "Pending Signature" status, staff will still be able to edit the draft order setting the hearing date.

eCourts – Civil and Foreclosure Court Staff Release Notes

4/29/2019

(All Courts)

New	To reduce the number of status resets required, eCourts will now stop users from marking Motion/Motion Response filings "Completed" on the Work List in the event the motion status is still pending in ACMS. Once the motion is status is no longer in a pending status, user will be able to complete the item.
New	A new filing category has been added to the system for "SCCO Trust Fund Review" motions. This category will contain 2 motion types: "Motion to Deposit Funds" and "Motion to Withdraw Funds", which will be set to "For SCCO Review" intially, so that the SCCO can review the documents before the counties schedule/process the matter.
Enhanced	For Special Civil and Civil Part cases, the Statewide Lien field in the case details section will now display the actual "DJ" or "J" number, rather than just a "Yes" or "No" value.
Fixed	Various defects have been fixed, which will lead to an improved user experience.

(Special Civil Part)

Enhanced	For Verified Complaints – OTSC, users will now be able to input the time of the hearing on the template for the Order Setting the Hearing Date.

(Foreclosure)

New	The Self Represented Litigant notification process will be implemented, allowing pro se users to sign up to be electronically notified via eCourts regarding their case matters. These notifications will serve as service to the litigant. The self-represented litigant must accept a ceritifcation to accept electronic certification which will be found in the case jacket once accepted.

Feature Enhancements

Case Jacket – Document Security in Name Change Complaints

The ability to file a Complaint To Change Name has been restored to eCourts with the introduction of document security restrictions for this case type. Two new document descriptions, the Certification of Personal Identifiers and the Proposed Judgment Addendum (Figure 3) documents will permit a filer to include un-redacted Personally Identifiable Information (PII) necessary in Name Change filings. These documents are required for external filers.

Documents with the Access Restriction "Confidential" will only be visible in eCourts to Court staff and to parties on the case. eCourts users who are not a party to the case will be unable to view these documents (Figure 4).

For more information on this enhancement, please see the Quick Reference Guide here.

Case Management – Work List

An error with the work list has been corrected to display only items assigned to the selected judge when using the 'Judge' filter.

Case Management – Motion Related

The motion 'Results' tab will default to the scheduled judge rather than the first name in the judge list.

Case Management – Motion Related

Validation has been added to prevent scheduling/re-scheduling of motions in eCourts that have already been deleted in ACMS.

Case Management – Lock Message

"Case Details are Locked" messages should consistently appear when the case is active with another user.

Case Management – Interpreter/ADA Accommodations

A previous error where affirmative responses for these selections would not display in the filing details has been corrected.

Efiling – Fee Calculations

If user selects, "Filing on Behalf of State Office/Agency" or "Filing on Behalf of Public Defender" the system will code payment in ACMS as "WR" rather than "NF".

Special Civil & Civil Part

Upload Document – Add a Party

When adding a new party, the selection of Movant/Adversary will now be required.

Civil Part

Case Management – Order Results

The layout of the 'Results' tab for standalone orders has modified to be more efficient.

Case Management – Scheduling Tab

The default 'Time' value has been adjusted to correspond (AM/PM) based on the 'Calendar' value.

Case Management – 5 Day Order

A 'Results' tab has been added within Filing Details for 5 Day Orders to allow for entry of an order result, upload of final order, etc.

Case Management – Consent Orders

When a signed Consent Order is uploaded using the 'Results' tab, the system will no longer overwrite the existing, unsigned copy located in the Case Jacket. The action will generate a signed order instance within the Case Jacket.

Case Management – Consent Orders

The 'Results' tab for Consent Orders was previously pre-populated with the eFiled document. This incorrect behavior has been corrected, and staff will browse to the appropriate upload.

Case Management – Consent Orders

A previous system message which precluded the use of electronic signatures for Consent Orders has been corrected.

Upload Document – Fee Calculations

When a filer answers in the affirmative to the question, "Does the statute governing this case provide for payment of fees by the losing party?" the 'Fee Shift Indicator' in ACMS will change accordingly.

Upload Document – Filing Type Correction

The filing description 'Replevin' has been moved to the Judgment/Post-Judgment Filing Type.

Upload Document – Filing Type Correction

The filing description "General Correspondence" has been added to the 'Miscellaneous Documents' Filing Type.

Upload Document – Filing Type Correction

The filing description 'SR38/SR39' has been moved from the 'Miscellaneous Documents' Filing Type to 'Judgment/Post-Judgments' Filing Type.

Upload Document – Court Initiated Correspondence

The initial status for correspondence in the work list will be 'New Document'. The previously displayed status was 'Pending Signature.'

Special Civil

Case Management – Writ Validation

Validation has been included to ensure at least one writ has been assigned in ACMS.

Efiling – After Hours

The confirmation received for after-hours complaint filings has been modified to more accurately indicate the pending nature of such filings.

Efiling – Application for Wage

An error message that incorrectly indicated that multiple adversaries had been selected has been fixed.

Notifications – Physical Mailing Address

A physical mailing address has been added to eCourts generated notices when an email address is not available for the listed party to aid staff with standard mail notifications.

Notifications – Full Name Spelling

The ACMS character limitation for name fields resulted in truncated party names in some system-generated documents. Now, when the 'Full Name Spell' field is utilized, the alternate name text will be used to generate party names for: Writs of Execution against Goods & Chattel, Executions against Wages, Statements for Docketing, Summons, Docket Text, Execution against Wages, and the Case Jacket.

Scheduling – Argument Date

On the Scheduling tab, when an argument date is granted, the user may now select any date.

Scheduling – Errant Warning Messages

From the Scheduling tab, when a user updates a Motion Hearing, any warning messages which are not applicable will no longer appear.

ACMS – Control Numbers

In some instances, motions submitted with the same return date shared the same control number in ACMS. This has been corrected.

Create Order – Month and Day Spelling

The Create Order feature has been revised to spell out the name of the month. Days of the month are preceded by "th", ex. 6th, 7th, etc. as expected.

Efiling – Blue stamp validation

Some documents filed after regular processing hours lacked the filing date/time in the system generated blue stamp. The blue stamp now includes date/time of document filing as expected.

Special Civil Part

Third Party Summons – Service Method

'Personal Service' has been removed as an available selection from the Service Method dropdown for third party complaint summonses.

Amended Complaint – Mileage Fee

A 'Mileage Fee' field has been added to indicate court officer mileage fees for amended complaints.

Motion to Cancel – Add Party Function

The Add Party function has been removed from the Motion to Cancel/Discharge and Application for Wage Execution 'Review and Submit' screen.

Upload Document – Commas Recognized as Decimals

From the Upload Document tab, values entered into the Attorney Fees textbox which included commas were interpreted as decimals by the system. Commas are now ignored.

Upload Document – DJ Motion Related

On the Upload Document tab, the "-DJ" prefix has been added to the DJ Motion Related document descriptions.

Upload Document – DJ Motion Related

On the Upload Document tab, the "-DJ" prefix has been removed from non-DJ Motion related document descriptions.

Foreclosure

Upload Document – Third Party Claim/Add Party

The blue plus sign to add a third party will not display unless '3rd Party Claim' checkbox is selected.

Upload Document – Missing Property Value Error Messages

From the Upload Document tab, error messages around missing property values disappear when expected.

Upload Document – Miscellaneous Document Uploads

From the Upload Document tab, an error has been corrected that would occur when 'Miscellaneous Document' uploads were attempted. The screen would formerly refresh on this action, deleting the document description and preventing successful upload.

Civil Part

Upload Document – Counterclaim and Crossclaim Filing Types

Counterclaim and Crossclaim filing types were previously displayed in the 'Initiating Documents/Existing Filing' Type. They now display in the 'Responsive Pleadings' Filing Type.

Upload Document – Order Result

When entering an Order Name Change/Judgment, Order Result will now display the order result selection by default for the name change parties listed.

Upload Document – Order for Name Change Result

From the Upload Document tab, when a party name was modified in an Order for Name Change/Judgment, the order result value would be cleared out. This has been corrected.

Upload Document – Order for Name Change Result

From the Upload Document tab, when submitting an Order for Name Change/Judgment, the order result must now be selected.

Upload Document – SCCO Filing Types

The Upload Document tab has an additional filing type, "SCCO" Filing Types.

Upload Document – Correspondence

The Upload Document tab has an additional filing type, "Correspondence."

Case Management – Filing Detail Warning

When navigating to another tab from the scheduling tab, a 'Filing Detail Warning' message will no longer display when no changes have been made.

Case Management – Notice Filing Date

In instances where an initiating document was uploaded by case management staff, the notice in the case jacket would use the entry date in notifications as the filing date rather than the actual filing date. This has been corrected and notices now reflect the actual filing date.

Case Management

Automated Taxed Cost Sheet Creation

On Motion for Final Judgment filings, the Taxed Cost Sheet fields are now present under the Judgment tab in Filing Details. Once those fields are populated, eCourts will generate the Taxed Cost Sheet document and store it to the Case Jacket with the other documents that were uploaded. The new fields will only be found on filings submitted on and after 06/09/2017.

Work List - Entered Date Column & Proof of Service Date Column

A new column will be added to the Work List that will capture the 'Entered Date' of each filing. Likewise, another column will be added that will capture the 'Proof of Service Date' (P-O-S-Date) for motion filings specifically.

Note: The sorting function has not yet been enabled for the Proof of Service Date column. In order to organize or filter this data, it is suggested that users utilize the 'Export to Excel' function from the Work List, which will store the data to a spreadsheet that can then be customized as needed. The sorting feature for this column will be available in a future release.

Upload Documents: Default Filing Date

When uploading documents, the Filing Date field will initially default to the current date.

FCIS Document - Contested and Non-Contested Answers

The Foreclosure Case Information Statement for Contested and Non-Contested answers is now listed internally on the Upload Document page for those filing types.

Judge Dropdown

The judge dropdown on the Work List and Filing Detail screens will now include the associated Judge ID Code from ACMS for reference.

Judge Assignment - Motions

If a motion has not been scheduled and staff assigns a judge to the motion from the Filing Detail screen, the Judge ID in ACMS for that case will be updated to match the judge selection made in eCourts.

PDF and Word Icons - Proposed Writ

When filer submits a Motion for Final Judgment that includes a proposed writ, processing staff now has the option to open the writ in either PDF or Word. Previously, only the PDF icon was present.

Internal Motions - Language Fix

When a motion is uploaded internally, system displayed "Yes" for language request for the filing on the worklist even though a request was not made. This has been resolved.

Additional Details for ADA Accommodations

Previously, when a filer added additional details after they selected an ADA request, the system was not displaying the additional details correctly on the worklist. This has been fixed so that the additional details provided by the filer will now appear correctly on the worklist.

Table of Contents

Case Management

Export to Excel Update

Previously, when using the Export to Excel function from the Case Management screen, the Filer column on the ensuing spreadsheet would only be populated with data corresponding to the first page of filings from the Work List. Going forward, the Filer column will be fully populated for all filings.

Order Label – Change Filing Description

In the event staff changes the Filing Description of a motion, the order label on the Results tab will now immediately be updated to reflect the new description selected.

ADA & Interpreter Requests - Motions

Occasionally, ADA and Interpreter requests from one motion would appear on the Scheduling tab for a different motion, in the event a user was reviewing a number of motion filings in quick succession from the Work List. This issue has been resolved.
