

Juror Responsibilities: Internet and Social Media

Fairness to the parties in all cases requires that jurors follow these rules:

Please do not research the case online in any way, including searching for information about the parties, litigants, witnesses, attorneys or judge.

Follow instructions by the judge and other court staff.

Social Media-Free Zone

Please do not discuss any aspect of your petit jury service with anyone on social media, by text or by email, until your petit service has ended.

Grand jurors should never discuss any aspect of their service.

By following these simple rules, jurors help ensure that all parties receive a fair trial.
