**SUBJ: Special Civil Part Officers – Annual Financial Examination Standardized
Format; Minimum Content Requirement**

DATE: June 30, 2014

Directive #07-13 sets out the financial examination requirements and procedures in connection with the execution of writs by Special Civil Part Officers. The directive requires, among other things, an annual examination of each Special Civil Part Officer's financial records by an independent auditing firm in accordance with the Statement on Standards for Attestation Engagements (SSAE) No. 10 and associated amendments issued by the American Institute of Certified Public Accountants. The auditor's examination report must be submitted for approval to both the Trial Court Administrator, working in conjunction with the Vicinage Finance Manager, and the AOC's Chief of Internal Audit & Control.

Attached is a sample format of an "Agreed Upon Procedures" report that incorporates the changes implemented by Directive #07-13. Appended to the report template are templates for four appended schedules: Schedule A – Bank Reconciliation; Schedule B – Outstanding Check List; Schedule C – Analysis of Adjusted Book Balance; and Schedule D – Cash Summary Statement.

Two significant changes that should be noted in particular are:

- 1) A reconciliation between the Special Civil Part Officer's writ register and the court's official writ register for the Special Civil Part Officer will no longer be required. This function has been assumed by the Civil Division on a biweekly basis in each vicinage.
- 2) A procedure requiring the clerical accuracy and verification of all figures presented on each of the four schedules has been added.

By copy of this memo this report template is being sent to every Special Civil Part Officer. It should also be provided to their auditors as the required standardized format and the minimum content for all financial examination reports submitted after June 30, 2014. The Special Civil Part Officers by copy of this memo are advised that any annual financial examination reports submitted after June 30, 2014 that do not comply with the format and minimum content requirements of the template will be rejected and, pursuant to Administrative Directive #07-13, will need to be revised and resubmitted. Since the directive provides that Special Civil Part Officers are responsible for the costs of the annual financial examination, any revisions required to be made to the report will likely result in additional costs to the officer.

Thank you.
