Re: Comments on Rules Committee Reports

Dear Judge Grant:

Please accept this supplement to my letter of April 15 which set forth comments and recommendations from the New Jersey State Bar Association regarding the reports of the Supreme Court rules committees. The letter failed to include the Association's support of the recommendations contained in the report of the Committee on Municipal Court Practice. In particular, the NJSBA believes the proposal to amend Rule 7:5-2 to allow municipal court judges to hear certain motions to suppress evidence seized under a search warrant will lead to more efficient handling of those motions and will be a welcome change for municipal court practitioners.

Thank you for considering this late submission and accept my apology for any inconvenience this may cause.

Very truly yours,

A handwritten signature in black ink, appearing to be 'Paris P. Eliades'.

President
