Subject: Adopt the UBE

Good afternoon:

I write to you today as a soon-to-be applicant to the New Jersey and New York bars. Like many of my peers, I will be sitting for two bar exams this summer. I have read the Committee's Report and Recommendations released last month and believe that the right recommendation was made to adopt the UBE. As the report noted, the UBE is a fair exam and New Jersey can maintain control of its bar by setting its own passing score and setting CLE requirements for newly admitted attorneys.

I hope that the Court acts in accordance with the Committee's thorough report and adopts the UBE.

Best:
