**Attachments:** Cindy Ball Wilson Esq .vcf

To whom it may concern:

I am writing to share my objection to the proposed rule change regarding payment to Economic Mediators. The program is an effective tool for moving cases forward. The proposed change which would require a lawsuit in order for the Mediator to collect any fees that are due will have a chilling effect on the program. Seeking payment by contacting the ordering judge is quick and efficient. Filing a lawsuit would require greater attorney effort than it is worth and many attorneys will think twice before offering their services.

Thank you for your consideration.
