Subject: Court Rule 46:4-2. The Special Committee Report did NOT recommend this amendment

To Whom It May Concern:

I object to amending Court Rule 46:4-2. The Special Committee Report did NOT recommend this amendment. Please do not make it any easier for banks, pretender lenders, fake mortgage loan servicing entities, and scumbag foreclosure mill law firms to steal homes they have no right to take.

Please, do your part to stop the theft of the American Dream.

Thank you,

Tracey Dias
