## MEMORANDUM

**TO: Hon. Glenn A. Grant, J.A.D., Acting Administrative Director**

**FROM: Hon. Charles W. Dortch, P.J.F.P., Chair, Conference of Family Presiding Judges**

**DATE: April 16, 2019**

**RE: Report of the Minority Concerns Committee 2017 – 2019 Rules Cycle**

---

The Conference of Family Presiding Judges (Conference) has reviewed the six 2017-2019 Supreme Court Committee reports. The Conference submits the within concerns regarding proposed amendments in the Supreme Court Minority Concerns Committee Report. Of concern are subparts 1 and 2 of Recommendation 2019:13.

Recommendation 2019:13 proposes “that in minor name changes matters in the Family Part, not related to another Family Part matter such as a divorce or adoption within the preceding three years, the Court adopt the following as standard statewide practices.” Subparts 1 and 2 of the recommendation are:

- 1) Use of initials and sealing of all unredacted records;
- 2) Waiving of the publication requirements;

The Conference is opposed to the use of initials portion of Recommendation 2019:13 as it is not feasible in terms of case tracking, data integrity, and quality assurance.

With regard to that portion of the Recommendation concerning waiving of the publication requirements, the Conference is in support of this if both parents/guardians consent to the name change and the requirements of Rule 4:71(b) are met. If, however, there is not consent of both parents/guardians, the Conference does not support that section of the Recommendation concerning publication waiver. Both parents/guardians must be provided with notice and an opportunity to be heard regarding the name change application.

Thank you for your consideration.
