I Have many comments

I realize the disaster this has created...but the state has not addressed the situation of a winter ocean front seasonal rental...that as soon as the governor declared no evictions he was not moving...He is retired , did not lose his job, and used the system..

He also made motions of not providing central air ? (WINTER RENTAL) did not have air on the lease...He complained about my grandchildren the few times we went to use the small upstairs unit..

he was in the larger area and also occupied with his grown son.. (who recently just bought a newer car)

so they had money for new cars but have not received one penny since last april..

and since the governor said use security ...don't have that either..

I voted for this governor...but he has not answered one phone, email, letter..he is not representing my interests...who is representing me?? I PAY BIG PROPERTY TAXES in bradley beach...the mayor wants to help...his hands are tied..

So now you want property managers to try and figure this out so another summer i don't have a beach house or any income ??

please find a better way
