Subject: [External]Tenants issue

Dear Sir,

I'm a landlord and I have been suffering since last year when my tenant stopped paying my rent and utility bills. They did not pay rents from last July until now.

These people are taking advantage of the government and all systems to get money but do not want to pay rent. Even though I helped them getting the information to apply for assistance, they did not.

I am a single lady and I have lot of financial obligations too but these kind of tenants are cheating on us (like myself as landlord) by not paying rents.

My tenant bought new car and doing parties and collecting monies from government but have no shame to not pay rents.

As such, it is being very difficult for me to fulfill all sorts of financial burdens. I am taking tenants financial burden as well.

And it would be unfair if eviction doesn't take place quickly when moratorium ends. Because it is unfair on the landlords to suffer for more than a year.

Hope the court will understand and take action accordingly.

Thank you,

With best Regards,

Mili
