I am all in favor of **remote** proceedings for all but jury trials that should proceed in-person with reasonable precautions taken for transmission of COVID as per CDC or other science-based guidelines. Remote proceedings are far more productive and efficient than in-person proceedings, and in the end, remote proceedings saves every party time and money. If you have any questions, please feel free to reply to this email or call me. Thanks.

Respectfully submitted,
Michael Wiseberg, Esq.

To reduce the spread of COVID 19, I am currently working remotely. Delivery of mail to my office through traditional methods may be delayed during this time of remote working. This could include delays in my receipt of correspondence or documents delivered in paper form, records/materials received on paper, CD or flash drive, as well as original copies of pleadings.

Until such time as I am no longer working remotely, I am respectfully requesting copies of all correspondence, pleadings, and documents be sent via email. If you must send me something, please email me first and ask for my home address. Thank you, and stay safe.
