Subject: [External]REMOTE civil arbitration hearings, motion hearings, and small claims trials

To whom it may concern:

I would like to email my support of remote arbitrations, hearing and small claims trials. Having remote arbitrations saves time on commuting and waiting in the arbitration room, but it also has given the opportunity for submissions to be made in advance so that the arbitrator is speaking with knowledge on the case. It has really changed the way arbitrations are done for the better.

Additionally, motion hearing are much better remote. For similar reasons, there is no waiting and commuting.

Thanks!
