SUPERIOR COURT  
CLERK'S OFFICE

Willie B. Boyd Jr.

To Whom it may concern;

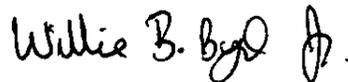

Just to be clear I do object to the intention to foreclose on my house. And I am fighting to keep my house. I sent your Home Preservation Specialist Department unresolved Title information that should show I have a clean Title. I am ready to proceed with a modification loan.

I am not sure why I am receiving this letter, after over one year of sending ACS/Wells Fargo all and any information they requested. I am being told as recent as September 10, 2012 by Jessica Vollmer of ACS, that there is no foreclosure date, and that information is coming from your Home Preservation Department. But in reading through this unclear legal language, I see a court day for October 3, 2012. Docket number: F-009564-12.

I look forward to your prompt response with this matter, I keep getting conflicting information and my home is at risk. I am making all the payments on time as requested. Please assist me with clarifying this situation.

Sincerely,

Willie B. Boyd Jr.
