Verify Defendant stage has been enhanced to allow user to combine 2 or more complaints if they belong to the same defendant.

When verifying defendants, if 2 or more complaints belong to the same defendant, then:

- Upon verifying the complaint, the system will automatically verify other complaints with the same SBI number and combine them together into a single defendant.

This will allow user to present all the complaints together on the 'Defendant and Charge' Stage as they belong to a single Defendant.

After verifying a complaint as 'Assign new defendant', when user verifies another complaint as 'Assign new defendant':

- System will open a modal window to prompt user to confirm if the defendant on the complaint is same as the one on the previously verified complaint(s).

Upon selecting 'Yes', system will display previously verified complaints in the dropdown.

Upon selecting 'No' to confirm if the defendant on the complaint is same as the one on the previously verified complaint(s), and SBI number does not exist on the complaint, then the system will inquire if user wants to manually enter the SBI number.

The screenshot shows a dialog box titled "Confirm new defendant" with a close button (X) in the top right corner. The main question is "Is the defendant on complaint number W-2023-000010-1105 the same as on one of the previously verified complaints?". There are two radio button options: "Yes" and "No". The "No" option is selected and highlighted with a red rectangular box. Below this, a second question is displayed: "Do you want to enter the SBI number for the defendant?", also highlighted with a red rectangular box. This question has two radio button options: "Yes" and "No". The "Yes" option is selected. Below the second question is a text input field labeled "SBI number \*". At the bottom right of the dialog box are two buttons: "Cancel" and "Confirm".

If the entered SBI number has already been verified on any of the previous complaint(s), then the system will display the following error message.

This screenshot shows the same "Confirm new defendant" dialog box as above, but with an error message displayed at the top. The error message is "SBI number has already been verified on one of the previous complaints." and is enclosed in a red banner with a close button (X) on the right. The "No" option for the first question is selected. The "Yes" option for the second question is selected. The "SBI number \*" input field contains the text "541102N". At the bottom right, the "Confirm" button is highlighted with a mouse cursor. ## Case Finding Event – Charge Information screen

For an in-progress case, when all charges are disposed on the Charge Information screen, then on Submit system will no longer:

- Autogenerate a “Case Finding” event with proceeding code and reason based on the highest priority disposition.
- Mark the criminal case status as “Complete”.

To close the case, users will now have to manually add a Case Finding event in ECS after disposing all charges.
